## **DON DEWAAY IS THE TOP ADVISOR IN IOWA**

*REPEATS AS #1 IN BARRON'S ANNUAL RANKINGS*

For the second year in a row, it is our pleasure to announce that Don DeWaay has been selected as the Top Advisor in Iowa by Barron's Magazine. This follows his placement on the 2010 Top 100 Independent Advisors list and marks Don's 5<sup>th</sup> appearance on one of Barron's premier 'Top Advisor' lists.

"It is a high honor that Barron's has once again selected DeWaay Capital Management as the Top Advisor in Iowa," DeWaay said. "We have worked hard to deliver a high class of expertise and service throughout two of the most challenging years in economic history. We feel this award is a validation of that hard work."

Don's alternative philosophy has gained more attention as investors have struggled to find real value and potential growth in the wake of the economic downturn. Along with the Top Advisors by state, Barron's Magazine's annual lists include the Top 100 Advisors Nationwide and Top 100 Independent Advisors. In the past two years, Don has made appearances on all three of these lists.

"At the end of the day, our goal is not to win awards but to show our clients we care about them. We try to do this through meticulous evaluation of the market, holistic analysis of the special opportunities outside of it, and frequent, personal communication with our clients," DeWaay added.
